DESCRIPTION

Seat made of decorative concrete represents a classic design that will blend in any space. This particular seat is made of a high strength decorative concrete (it is about 3 times stronger than concrete that is used to build bridges). Possible choice of 4 colors according to the pattern color. Furthermore, there is a possibility to paint the cube in any color with low opacity paints, which means that the paint won't interfere with the color of concrete while maintaining its texture and structure. Concrete seating cube is covered with special substance which reduces the chances of discolouration, while the mixture is self-cleaning it means that under the influence of rain and sun it partially gets rid of stains and dirt from its surface.

GENERAL TECHNICAL DATA

Weight

- 165 kg

Materials

- architectural concrete

Dimensions

- width: 39 cm

- length: 39 cm

- height: 45 cm
