## DESCRIPTION

---

The Simple planter has a simple but modern style which has been designed to suit urban and natural surroundings. The construction of this model as well as its back walls were made of black steel. The front parts were made of wood (you can choose from pine, spruce or exotic hardwood). Simple planter is made from S- XL size. Thanks to it, this model will be perfect for plants, shrubbery and even trees. It can stand as individual component or together with the Simple benches and litter bins. If this model doesn't meet your needs we can supply planters any size, height, design and plan shape. You can choose from traditional "retro" or rather contemporary "modern" designs.
